RECYCLING

Cardboard, paper, plastic, aluminum and glass containers are considered recyclable. Recycling is collected by the County every other Monday, except for holidays.

Please visit our website www.eastampton.com for up-to-date information.

LEAF COLLECTION

The Public Works Department collects leaves starting in mid-October and ending on May 1st.

Leaves can be raked to the curb or placed in bags for collection. Leaves should not contain sticks, trash, or debris.

During October, November, and December, the crews follow a schedule and collect each area once per week. The Township is broken into (3) three areas.

The crew spends one week in the area before moving on to the next area. Due to the volume of leaves curbside, the crew may not make one complete pass through the area. However, when crews complete the area early, they may move into the next area to stay ahead of schedule.

After January 1st, crews collect when needed, at least once per week. Residents completing Spring cleanups can place leaves curbside for collection. Due to workload and priorities, no leaves are collected after May 1st.

Once leaf collection operations have begun, bagged grass **will not** be collected with regular trash. Crews will collect bagged grass with the leaf vac while they are collecting leaves.

Leaf Collection schedules are posted on the website at www.eastampton.com.
